

## CLINICAL POLICY

Certain health classes require completion of educational experiences in clinical/lab facilities. These clinical/lab facilities may require students to undergo criminal background checks and/or drug testing. If a student is excluded from clinical/lab facilities as a result of a background check and/or drug testing, the student may be removed from the class. Some facilities may also require additional vaccinations and/or health examinations, which may result in additional expenses to the students (depending on your healthcare provider). As a guest in the clinical site, students must adhere to all rules and regulations of the facility. The facility has the right to decide if a student's behavior or performance is unacceptable and mandate the removal of the student from their clinical site. Program dismissal will occur for the student removed from clinical by the facility. In the event that a student does not complete the class due to being unable to participate or complete clinical, NO refund will be made according to the NC Community College System policy that is outlined in the semester schedule.

## HEALTH SCREENINGS AGREEMENT

I understand that healthcare facilities require students to complete health screenings before being allowed to participate in clinicals at their site. I understand that it is my responsibility to provide documentation that I have completed the screenings listed below:

1. Two step Tuberculin skin test within the past 6 months or documentation as a previous positive reactor or a chest x-ray taken within the past 12 months and/or questionnaire; and
2. Proof of Rubella and Rubeola immunity by positive antibody titers or 2 doses of MMR; and
3. Varicella immunity, by positive history of chickenpox or proof of Varicella immunization; and
4. Proof of Hepatitis B immunization or completion of a certification of declination of vaccine, if patient contact is anticipated.
5. Student has submitted to school signed attestation that he/she is free from contagious disease(s).

**\*\* Health Screenings are subject to change based on Facility requirements\*\***
